

Practice Worksheet

Compound Sentences

Graph the solution of each compound inequality.

1. $b > 3$ or $b \leq 0$

2. $x > 0$ or $x < 3$

3. $y < -2$ or $y \geq 2$

4. $0 < k < 4$

5. $-1 \leq z \leq 5$

6. $e \geq -4$ and $e \leq 0$

Solve each compound inequality and graph the solution set.

7. $c + 2 \leq 3$ and $4 - c > 2$

8. $-n < 2$ or $2n - 3 > 5$

9. $2x - 1 < -1$ or $2x - 1 > 1$

10. $0 \geq -1 - z$ and $-3 < -2z - 1$

Write a compound inequality whose solution set is graphed.
